Robustly constructed Rollup display stand for effective and stable presentation of your advertising messages. The classical design is just as impressive as its robust construction with a reliable mechanism, long-life spring and warp-resistant housing made of high quality aluminium. The specially reinforced holder for the rod as well as two feet guarantee perfect stability. One packaging unit consists of 6 display stands, with each packed individually in a padded carry case.

## Roll up Banner Material

White Front Grey Back

A white matt PVC top coat & a grey polyester back, 350 micron film with a light textured finish. This product has been specially coated to accept solvent, eco solvent and UV ink and can be used in creation of roll up banner stands along with static vertical banner stands.
